PRODUCT DESCRIPTIONS

ABC - Chewable Acerola C Complex 4 Tablets 1 times per day

4 Tablet(s) 1 times per day

Tremendous source of vitamin C nutrition

Fortified with acerola, rutin, black currant extract and more

Great-tasting chewable raspberry and lemon flavored tablets

An excellent source of vitamin C for people who have a hard time swallowing pills, these great-tasting chewable wafers supply 500 mg of vitamin C fortified with citrus bioflavonoids, acerola berry extract, rose hips, black currant extract, and rutin for enhanced bioavailability.

ABC - Peppermint Oil

The aroma of Peppermint Essential Oil is familiar and pleasant to most. Peppermint Oil is very intense and is far more concentrated than most other steam distilled essential oils. At low dilutions, it is fresh, minty and quite uplifting. Its a favorite around Christmas and the holidays, but is also popular year round.

Peppermint Essential Oil contains menthol. Menthol induces a cooling sensation, and use of Peppermint Oil (at low dilution) in a body mist or even in the diffuser can help to cool you down.

Menthol is also known to help ease tension headaches and muscular aches and pains.

If you find Peppermint Oil to be a bit too intense, you may enjoy working with Spearmint Oil. Often, I substitute Spearmint Essential Oil for some of the Peppermint Essential Oil in a blend.

Peppermint Peppermint Oil

Emotionally, Peppermint Oil is stimulating and is a good choice for inclusion in blends intended to help enhance alertness and stamina. It is considered an aphrodisiac. Peppermint should be avoided before bedtime.

Cornmint Oil is sometimes passed off as Peppermint Oil, so it is important to be careful of where you procure your oil.

Botanical Name Mentha piperita

Common Method of Extraction Steam Distilled

Plant Part Typically Used Leaves and Flowers/Buds

Color

Clear with a Yellow Tinge

Consistency

Thin

Perfumery Note

Тор

Strength of Initial Aroma

Aromatic Description

Minty, reminiscent of peppermint candies, but more concentrated. More fragrant than spearmint.

Peppermint Oil Uses

Asthma, colic, exhaustion, flu, flatulence, headache, nausea, scabies, sinusitis, vertigo.

ABC - Tri-Fiber Complex 3 Capsules 3 times per day

3 Capsule(s) 3 times per day

Combines three natural fibers for comprehensive digestive system health

Terrific nutrition for total cardiovascular care and healthy bowel function

Features psyllium powder, oat bran and apple pectin powder

Do the right thing for your heart and your colon; make Tri-Fiber Complex part of your daily dietary plan. A good daily supply of dietary fiber is crucial for cardiovascular health and for maintaining normal bowel function. Unfortunately, most of us don't get enough fiber in our regular diet. That's where Tri-Fiber Complex can help. This all-natural formula makes it easy to get the fiber you need every day by combining psyllium, oat bran and apple pectin in convenient capsules.

ABC - Cumin Oil

Botanical Name Cuminum cyminum

Common Method of Extraction Steam Distilled

Plant Part Typically Used Seeds

Color

Deep Golden Yellow

Consistency Medium
