

## **Introductions and Promotions:**

1. Some decisions in life can be difficult, but decisions about staying healthy should never be difficult. ZYTO technology bypasses the guesswork and allows you to make easy decisions regarding your health. Call us today to schedule your (Free) ZYTO scan.
2. Scan while you wait. ZYTO Balance software allows you to start your checkup before you even see the doctor.
3. Looking for a more effective way to manage your body's needs? Using ZYTO technology, we can discover your body's biological coherence so we can improve your health and wellness today. For more information about ZYTO technology, or to schedule your first scan, contact us today.
4. Contact us today to see how you can get a ZYTO scan from anywhere with an Internet connection using the [ZYTO Remote app](#)!
5. Your body is constantly changing. You need help to keep up with these needs. We use ZYTO technology to help you maintain the highest levels of wellness possible. Contact us today to learn more about what we can do for you.
6. We use ZYTO technology to help you make the best decisions for your health and wellness. To learn what ZYTO technology is and how it works, [click here](#).
7. Are you looking to improve relationships, overcome addictions, improve your athletic performance or achieve your goals? EVOX technology can help you to clear emotional blockages that may be holding you back. When we change the way we see the world around us, we can decide the type of person we want to be. Call us today to schedule your first session. (Insert Personal or Clinical contact information).
